

This Document contains **e-Asphalt Plant Operation** details for

Participant **Brad** regarding: Assessment of Progress Report.

Assessment of Progress Report. Pdf

1540 points is the maximum score possible for the Pre-Test as well as the Quizzes. The modules and quizzes being accounted for below are Plant Safety, OSHA Requirements, Tire/Trunnion, Feeder Bins, AC Mix Silo, Scales-Meters, Control Systems, Burner and Fuels, Oil Heating, Aggregate Drying, Plant Evaluation, Baghouse Primary, Performance Eval.

Pre-Test Totals 900/1540 a) Pre-Test Total% 58
 Quiz Totals 1380/1540 b) Quiz Totals% 90
 Quiz Total/Pre-Test Totals c) Improvement % 53

Pre-Test Totals are a fairly close estimation of the Participants Plant Operation knowledge before the Training. The Quiz Totals are fairly close estimation of the Participants Plant Operation knowledge after the Training. The percentages are an estimation of the competency of where the Participant was a) before and b) after the training and c) the rate of improvement.

Module	Status	Score	Time
6 - Scale and Meter 2	In Progress	0/50	01/31/2010 7:20 PM
Quiz - Control System	Failed	90/200	
7 - Control System 1	Passed	10/110	01/29/2010 10:10 AM
7 - Control System 2	Passed	40/90	
8 - Burner 1	Passed	15/25	01/26/2010 10:10 AM
8 - Burner 2	Passed	35/65	
Quiz - Burner Operation	Passed	75/80	01/26/2010 11:58 AM
8.5 - Hot Oil Heating	Passed	50/50	01/29/2010 7:21 AM

This program can be used to measure an employee's competence and improvement.

Progress Report!

'70% PASS/FAIL' IS ONLY APPLICABLE TO QUIZZES.. ALL OTHER MODULES AUTOMATICALLY 'PASS'.
